Proposed Redevelopment Project.

Please note that all information relating to the proposed redevelopment project will come from the Parish - on our website, social media and in person at Mass. Please do not pay any heed to information that comes from any other sources.

Some keys points:

1. This project is at the very early stages of planning. Planning will take at least a year and a half.
2. The Diocese and Architects will host a number of information evenings and focus groups to listen to the voices of all concerned. These will be advertised in due course.
3. This is a major investment in the future of our Parish and a way to keep our church open into the future. It builds on the great work done here over the years and will stand as a beacon of hope for our Parish and wider community.
4. If you have ideas, questions and / or concerns please write them down and give them to Fr Martin. All feedback is valued and valuable.
